The fact that foreign manufacturers are joining the free traders of this country in denouncing the McKinley tariff bill is one of the strongest arguments in its favor. Strange as it may seem, the Democratic anti-protection doctrine finds a hearty support in foreign countries. We do not hear of our competitors across the water endorsing the protection idea in this country. When your rival in business pats you on the back and encourages you to pursue a certain policy. Ex-Governor Wilson's Candidacy. Ex-Gov. Wilson has formally announced himself as candidate for Congress in the Third district. This he did of these men. in a speech delivered in Logan county a few days ago. We presume he will show up strong in the convention on the record he has made within the past two years. The service he has performed for the Democratic party in aiding the managers to consummate the gubernstorial steal, in issuing fraudulent certificates to defeated Democratic candidates for Congress, &c., surely will not go unrecognized. No doubt, also, he will receive the enthusiastic support of the friends of Ex-Senator Camden and Senator Kenna in the Third district.

Mr. Camden owes ex-Governor Wilson a heavy debt of gratitude for leading the revolt which relieved him of six years of arduous Senatorial duties, and of course will contribute to the election fund as a token of his appreciation of

this kindly service.
We trust that Mr. Wilson will secure the nomination and that it will be upon a "twe" platform. He deserves it at the hands of the party he has served so faithfully and unscrupulously. If he succeeds in securing the nomination there will be fun in the Third district.
